EVENT PACKAGES

If you are wanting to make your party planning easier, we have taken the most popular elements from the hundreds of parties we have hosted over the years and brought them together to create a number of pre-selected food and beverage packages. This alleviates stress and saves you time without having to select beverage and food options.

If you would prefer to have your event customised and select from our wider range of food and beverage options, we have created Selector forms to simplify your selection and budgeting which includes recommended quantities. Our Event Planner will work with you to create a tailored event plan and runsheet for your event.
